

# APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA

Date of filing in State Engineer's Office..... NOV 28 1975  
 Returned to applicant for correction..... DEC 17 1975  
 Corrected application filed..... FEB 9 1976  
 Map filed..... FEB 6 1976

The applicant State of Nevada-Division of Colorado River Resources  
P. O. Box 19090, of Las Vegas,  
Street and No. or P.O. Box No. City or Town  
Nevada 89119, hereby makes application for permission to appropriate the public  
State and Zip Code No.  
 waters of the State of Nevada, as hereinafter stated. (If applicant is a corporation, give date and place of incorporation; if a copartnership or association, give names of members.) Organized under Nevada  
Revised Statutes 538.041 through 538.251, inclusive.

1. The source of the proposed appropriation is Las Vegas Wash  
Name of stream, lake or other source.
2. The amount of water applied for is 638 cfs second-feet  
One second-foot equals 448.83 gals. per min.  
 (a) If stored in reservoir give number of acre-feet..... acre-feet
3. The water to be used for Municipal and Domestic  
Irrigation, power, mining, manufacturing, domestic, or other use.
4. If use is for:
  - (a) Irrigation (state number of acres to be irrigated)..... See Attachment B
  - (b) Stockwater (state number and kinds of animals to be watered)..... N.A.
  - (c) Other use (describe fully under "No. 12. Remarks")..... See Attachment B
  - (d) Power:
    - (1) Horsepower developed..... N.A.
    - (2) Point of return of water to stream N.A.
5. The water is to be diverted from its source at the following point: NE $\frac{1}{4}$  of NW $\frac{1}{4}$  Section 11, T.22S., R.64E., M.D.B.&M., from which point the NW corner of Section 11, T.22S., R.64E., bears N. 64° 51' 52" W. a distance of 2400.4 feet.  
Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land, it should be stated.  
which section corner is currently under water. \*
6. Place of use: The water delivery service areas of the City of Henderson, City of Boulder City, City of North Las Vegas, Nellis Air Force Base, the Las Vegas Valley Water District and other lands within Clark County, as shown by the supporting map.  
Describe by legal subdivision, if on unsurveyed land it should be so stated.
7. Use will begin about January 1 and end about December 31, of each year.  
Day and Month Day and Month
8. Description of proposed works. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.) Water will be diverted from the Colorado River and pumped to the areas described in Attachment B. The diversion works include, in part, tunnels, pumping plants, water treatment plant and pipelines.  
State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits.

\* From the diversion point, the SW corner of Section 3, T.22S., R.64E., bears N. 82° 12' 37" W. a distance of 7530.4 feet.

9. Estimated cost of works.....In excess of \$210 million
10. Estimated time required to construct works.....First stage completed 1971 - Second Stage - 1981
11. Estimated time required to complete the application to beneficial use.....1995
12. Remarks: For use other than irrigation or stock watering, state number and type of units to be served or annual consumptive use.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. A suitable measuring device or devices shall be installed at a location suitable to the State Engineer. Accurate records of water placed to beneficial use shall be kept. A true copy of said records shall be filed in the office of the State Engineer annually. The measuring device must be installed before any use of water begins and before the Proof of Completion of Work is filed.

The permit granted herein carries with it no provision or guarantee for the continuous use or availability of the water since the source is in part sewage effluent.

This permit is issued for direct diversion of 638 c.f.s, therefore, secondary permits will not be required. The source of water is Las Vegas Wash but the point of diversion is located in Lake Mead. Issuance of this permit in no way affects storage entitlements or operations of Lake Mead and the difference in location of the source and point of diversion is allowed to use both natural and man made facilities to accomplish the appropriation and use of the resource.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 638.0 cubic feet per second

Actual construction work shall begin on or before February 21, 1978

Proof of commencement of work shall be filed before March 21, 1978

Work must be prosecuted with reasonable diligence and be completed on or before February 21, 1981

Proof of completion of work shall be filed before March 21, 1981

Application of water to beneficial use shall be made on or before February 21, 1985

Proof of the application of water to beneficial use shall be filed on or before March 21, 1985

Map in support of proof of beneficial use shall be filed on or before

Commencement of work filed Jan. 9, 1978

Completion of work filed FEB 25 1983 Jan. 9, 1978

Proof of beneficial use filed

Cultural map filed

Certificate No. Issued

State Engineer

ATTACHMENT B  
APPLICATION FOR PERMIT  
TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA  
BY STATE OF NEVADA-DIVISION OF COLORADO RIVER RESOURCES

SOURCE: LAS VEGAS WASH

Water is for municipal, industrial, and residential use of the residents of Southern Nevada located in the service areas of the Las Vegas Valley Water District, Nellis Air Force Base, City of North Las Vegas, City of Henderson, City of Boulder City and other such areas that may, from time to time, receive water from the Southern Nevada Water System. The water is also for irrigation of lawns, gardens, parks, golf courses and other plants and crops receiving water from the Southern Nevada Water System. The water may also be used to meet the demands of those people which have, or which may obtain valid contracts with the Secretary of the Interior and the Division of Colorado River Resources for Colorado River water, which consumptive use of water would be charged against Nevada's allotment of Colorado River water.
